GuideSafe™ Testing
A COMPREHENSIVE PLAN

- **Education & Communication**
  - Safe, behavioral participation
  - Ongoing communication and reinforcement

- **Social Distancing & PPE**
  - Masks
  - Handwashing
  - Cleaning Facilities

- **Healthcheck Symptom & Data Monitoring**
  - GuideSafe Platform for data monitoring and targeted intervention

- **Exposure Notification**
  - APP use
  - Traditional contact tracing

- **Re-entry Testing**
  - Molecular testing for students
  - Athletic Testing
  - Sentinel testing for all
  - Point of care testing on campus for positive cases

*Sentinel testing of faculty, staff, and students helps signal trends, identify outbreaks, and monitor the prevalence of COVID-19 on each campus. Sentinel testing would involve conducting COVID-19 tests on a randomized sample of 2.5-5.0% of asymptomatic employees and students.
≈200,000 Students
