NOTES: Public universities are sanctioned by the state to serve a particular purpose. Universities that have less selective admission policies and serve a greater number of students requiring financial aid tend to have lower retention and graduation rates. For more details on individual institution characteristics and their student body, please visit the webpage at ache.edu/ACHE_Reports/Reports/Accountability/instcharacter.pdf.

Graduation rates are defined as the total number of individuals from a given cohort of full-time, first-time degree/certificate-seeking undergraduates who completed a degree or certificate within a given percent of normal time to complete all requirements of the degree or certificate program; divided by the total number of students in the cohort of full-time, first-time degree/certificate-seeking undergraduates minus any allowable exclusions, disaggregated by race/ethnicity.

"OTHER" race category includes American Indian or Alaskan Native, Native Hawaiian or Other Pacific Islander, Two or More Races, Race/Ethnicity Unknown and Nonresident Alien.

Athens State University is an upper division institution that does not accept any freshmen students and therefore is not included in this report.
